ORGANISATION STRUCTURE

COMPETITION

A

Legislation Development

I. Developing the Decree on functions, tasks, powers and organisation structure of Viet Nam National Competition Commission

On February 10, 2023, the Government issued Decree No. 03/2023/ND-CP stipulating the functions, tasks, powers and organisational structure of the National Competition Commission.

The Decree has a transition period of 45 days and officially takes effect from April 1, 2023.

B

Enforcement of Competition Law and Policy

I. Supervise and management of competition on the market

1 Competition restriction behaviours

In 2022, VCCA did

- Collect and verify information and signs of violations of competition law in several markets, industries and fields such as: verifying and clarifying information reflected by the press about the imposition of the “hot weather” surcharge of Grab; clarifying the reflections on the situation of selling fireworks with fireworks stores on the occasion of the Lunar New Year 2022; the increase of SMS Banking fees; the selling of auto accessories; unreasonable increase in rental fees for telecommunications technical

infrastructure; signs of hindering competition in licensing explosive precursors storage in Lao Cai province; recommendation to use body insurance service for student of insurance enterprise in Phu Tho province...;

- Carry out the inspection of the observance and compliance with competition laws at Toyota Motor Viet Nam and National Payment Corporation of Viet Nam under the annual inspection plan of the Ministry of Industry and Trade.

2 Unfair competitive behaviours

In 2022, VCCA received and considered 8 complaints related to signs of unfair competition; proactively review and clarify 06 cases related to unfair competition behaviour.

The unfair competition cases occur in areas such as cosmetic advertising, refrigeration electronic equipment advertising, folding hammock trading,

construction materials trading, seaport services, the tourism transportation and especially the cross-border cases and dispute occurred on the Internet.

VCCA requested the stakeholders to provide information, documents, and worked with stakeholders, sent a written recommendation to the parties to comply with the competition law for some cases.

II. Exemption

On October 9, 2017, the Minister of Industry and Trade issued Decision No. 3872/QĐ-BCT granting exemption of the anti-competitive agreement between Viet Nam Airlines Corporation and Societe Air France (Air France) in the agreement of “Joint venture contract” in the scope of air passenger service on HAN-CDG (Hanoi - Paris) (and vice versa) and SGN - CDG (Ho Chi Minh - Paris) (and vice versa) within 03 years. In 2020, the Ministry of Industry and Trade extended the exemption of anti-competitive agreement for Viet Nam Airlines Corporation (Viet Nam Airlines) and Societe Air France (Air France) in the agreement of “Joint venture contract”.

On August 30, 2018, the Minister of Industry and Trade issued Decision No. 3105/QĐ-BCT granting exemption of the anti-competitive agreement between Jetstar Pacific Aviation Joint Stock Company (Jetstar Pacific) and Jetstar Asia Airways PTE. LTD (Jetstar Asia) in the agreement of “Joint venture contract” in the scope of air passenger service on the route Da Nang - Singapore (and vice versa) within 03 years.

In order to supervise the implementation of above mentioned exemption decision, VCCA requested the enterprises to have regular reports on the implementation of obligations and conditions according to the above decisions.

Reflecting some fireworks shops' tie-in sales of different fireworks products

1 INITIATION

In early 2022, close to the Lunar New Year, through the market surveillance and information from the media, VCCA received reflection on the situation of some fireworks stores of the Company Limited MTV Chemical 21 (Z121 factory) forced people to buy “combo” (package) different cannon products.

Based on collected information, VCCA issued a written request to the Z121 factory to review and adjust the commercial activities to ensure compliance with the current law, in which, especially, not to violate the regulations on acts of restricting competition in accordance with the Law on Competition 2018.

2 RESULT

On January 21, 2022, the Z121 factory conducted inspection, review and issue notifications to all stores nationwide. For violating stores, the Z121 factory will stop supplying products and closing, strictly handling violations.

At the same time, on January 23, 2022, the Z121 factory had a written response to VCCA, specifically: the Z121 factory has no advocacy, direction the stores of the fireworks factory in the form of “package selling” and has requested to publicise the selling price of each type of product at the stores, and at the same time, commit to comply with the provisions of the Competition Law.

Reflecting on the application of “hot weather” surcharge of Grab Co., Ltd

1 INITIATION

On July 6, 2022, Grab Co., Ltd. (Grab) announced the application of “hot weather” surcharges in Ho Chi Minh, Hanoi and some other areas from July 6, 2022.

After recording the feedback from the public and consumers related to Grab’s surcharge of “hot weather”, VCCA requested Grab to cooperate in providing information and explanation on the surcharges which are added directly to the display cost. At the same time, VCCA worked with Grab’s representative to clarify some issues related to Grab’s fees and surcharges.

2 RESULT

Through the verification process, Grab has explained the purpose of applying “hot weather” fee is to support driver partners, encourage them to participate and provide services to consumers in hot weather conditions, and encourage consumers to increase the demand for goods and food delivery services. Grab has stopped applying the hot weather from July 7, 2022 due to the limitations of setting system, especially in automatic separation of revenue to be able to account 100% of the revenue source (after tax) from this surcharges.

Based on the results of verification, VCCA issued a press release on the VCCA official website, providing information to the press in order to widely disseminate the information to the consumer community, and at the same time, recommended Grab to:

- Clearly notice drivers about the mechanism of dividing revenue from the fees, surcharges and establishing the system to ensure automatic separation revenue from those fees and surcharges before applying;
- Notice of application, adjustment, cancellation of price policies, fees, surcharges and other general transaction conditions to consumers before making transactions, in which, the notice must be clearly and easy to understand in accordance with Law on the Protection of Consumer Rights, hence, enable the consumer to have information and evaluation of goods and services before doing the transaction.

In order to maintain a fair, competitive environment and protect consumers, VCCA requested Grab and businesses providing similar service to Grab to review their policies and business activities, ensuring strict compliance with the provisions of the law on competition and protecting consumer rights.

Reflecting on acts showing signs of hindering competition in the field of storing explosives precursors in Lao Cai province

1 INITIATION

On June 14, 2022, the VCCA received a reflection that the Lao Cai Provincial People’s Committee showed signs of discrimination among businesses, creating barriers to competition through licensing activities to store explosive precursors in Lao Cai province.

Specifically, the Joint Stock Company of Trading, Transport and Technical Consulting (TVKT Company) is a unit specialising in trading and transporting goods. The main product is raw materials for producing explosives Ammonium Nitrate NH_4NO_3 . Because Ammonium Nitrate is an explosive precursor used as the main raw material for the production of explosives, the transportation and storage of this item need to be evaluated and certified by competent state management agencies (Ministry of Public Security, Ministry of Industry and Trade) to ensure the security conditions of transportation and preservation as well as safe conditions for storage.

After being granted a certificate of satisfaction of security conditions of transportation and preservation by the Ministry of Public Security and a certificate of eligibility for explosive precursor storage and chemical incident prevention plan of explosive precursors and the Ministry of Industry and Trade, TVKT Company has made a written request to amend the investment certificate, accordingly, adding an item for storing explosive precursors. However, the People’s Committee of Lao Cai province refused to amend the investment certificate at the request because storing explosive precursors in the province is forbidden. Meanwhile, the People’s Committee of Lao Cai province has granted an additional investment certificate to Hoa Thinh Hung Limited Company, whose warehouse in Bac Duyen Hai Industrial Park is allowed to store and preserve explosive precursors.

Based on the information reflected, the Ministry of Industry and Trade sent a written request to the People’s Committee of Lao Cai province to provide information to clarify the incident. At the same time, the VCCA has requested the Company to supplement information and organise work with representatives of the Economic Department of Lao Cai Provincial People’s Committee.

2 RESULT

On September 29, 2022, Lao Cai Provincial People’s Committee issued Document No. 4561/UBND-KT to report to the Ministry of Industry and Trade. Accordingly, on September 22, 2022, Lao Cai Provincial People’s Committee issued Decision No. 151/QD-BQL approving the adjustment of investment goals, construction scale, and project progress for chemicals, explosive precursors of TVKT Company.

III. M&A control

In 2022, the VCCA received and processed 154 dossiers of notification of economic concentration in many industries/sectors of the economy, in which there were many transactions made abroad but affecting the Vietnamese market. In Viet Nam, many transactions of foreign enterprises acquiring Vietnamese enterprises,... The VCCA has actively reviewed enterprises' compliance with competition law regarding economic concentration regulations, and enterprises has been approved to implement of economic concentration with recommendations in accordance with the provisions of the competition law.

In addition, the VCCA regularly reviews economic concentration transactions in the market, updates, and statistic and synthesizes data on the situation of mergers and acquisitions, and joint ventures of the viloated enterprises nationwide, foreign enterprises have business activities in Viet Nam.

Among 154 dossiers of notification of economic concentration, the proportion of dossiers of notification of economic concentration classified by form of economic concentration is as follows: (i) Enterprise acquisition accounted for 82%; (ii) Enterprise mergers account for 5%; (iii) Joint venture accounts for 13% and there is no record of notification of consolidation.

Figure 1: Percentage of dossiers of notification of economic concentration classified by form of economic concentration

Among enterprises participating in the economic concentration, about 40% are foreign enterprises. Economic concentration transactions outside Viet Nam's territory (offshore) in 2022 still account for about 40% of the total number of M&A transactions, equivalent to 2021. The geographical area where the economic concentration transactions outside the territory are mainly conducted is the Asia - Pacific (accounting for 69.5%). These transactions are usually carried out on a regional/global scale but are related to the Vietnamese market. Therefore, these economic concentration cases have been notified to all relevant competition authorities, including Viet Nam. Thereby, it can be seen that Viet Nam has been

occupying an indispensable position in the regional/global value chain.

The number of enterprises participating in economic concentration and submitting dossiers to notify economic concentration is nearly 500, including foreign and Vietnamese enterprises. The M&A transactions, which required notification, are engaged by large Vietnamese corporations and enterprises such as VinGroup, Nova Group, BCG Group, Massan, etc. and foreign-invested enterprises.

Transactions are carried out across many sectors of the economy, including the manufacturing and trading sectors of goods and the service sectors. As follows:

Figure 2: Percentage of economic concentration applications classified by fields

The appraisal process showed that most of the economic concentration cases are in the case of preliminary appraisal. Cases ending at the preliminary appraisal stage are economic concentration transactions that have no impact or potential to have an anti-competitive

effect in the relevant market and have no potential concerns about competition in the general market. Most announced economic concentration transactions have a combined market share/market share in the relevant market of less than 5% (accounting for 60%).

Pursuant to the provisions of Clause 4, Article 29 of the Competition Law, the economic concentration transaction between LG Electronics Inc., AppleMango Co., Ltd., and Speel Co., Ltd is a case of economic concentration in the form of acquisition.

3 RESULT

In October 2022, based on current regulations of competition law, the Ministry of Industry and Trade announced the economic concentration between LG Electronics Inc., AppleMango Co., Ltd., and Speel Co., Ltd. is not prohibited under Article 30 of the Competition Law.

Economic concentration between CS Wind Corporation, Halla Energy & Environment Co., Ltd. and Vina-Halla Heavy Industries Co., Ltd

1 ECONOMIC CONCENTRATION PARTIES

- CS Wind Corporation
- Halla Energy & Environment Co., Ltd
- Vina - Halla Heavy Industry Co., Ltd

2 TRANSACTION NOTIFICATION

In August 2022, the MOIT received a complete and valid economic concentration notification dossier from CS Wind Corporation, Halla Energy & Environment Co., Ltd. and Vina - Halla Heavy Industry Co., Ltd.

According to the information provided by the parties, CS Wind Corporation plans to acquire 100% of the charter capital of Vina - Halla Heavy Industry Co., Ltd from Halla Energy & Environment Co., Ltd. Pursuant to Clause 4, Article 29 of the Competition Law, economic concentration transactions between CS Wind Corporation, Halla Energy & Environment Co., Ltd. and Vina - Halla Heavy Industry Co., Ltd. is a case of economic concentration in the form of business acquisition.

CS Wind Corporation is an enterprise established and operating under Korean law with main business activities in the field of manufacturing wind towers and wind tower parts. CS Wind Corporation has its business operations in Viet Nam through its wholly-owned subsidiary, CS Wind Viet Nam Co., Ltd., which also operates in the field of manufacturing wind towers and wind tower components.

Halla Energy & Environment Co., Ltd. is an enterprise established and operating under Korean law with main business activities in the field of manufacturing and trading steel structures, manufacturing heating boilers and industrial heaters. In Viet Nam, Halla Energy does business through its subsidiary, Vina - Halla Heavy Industry Co., Ltd.

3 RESULT

In September 2022, based on current regulations of competition law, the Ministry of Industry and Trade announced the economic concentration between CS Wind Corporation, Halla Energy & Environment Co., Ltd. and Vina - Halla Heavy Industry Co., Ltd. are not banned under Article 30 of the Competition Law 2018.

The VCCA publishes the report on economic concentration activities under competition law for the first 6 months of 2022

In order to raise the awareness of the business community on the enforcement of economic concentration control regulations in accordance with Viet Nam Competition law and to enhance the transparency in law enforcement, the VCCA developed a **“Report on economic concentration activities under competition law for the first 6 months of 2022”**. The publication of the report on economic concentration activities is a regular activity of the VCCA. Previously, the VCCA had published the “Report on control of economic concentration activities under competition law for the period 7/2019 - 7/2021” and “Report on economic concentration activities in 2021”.

The report on economic concentration activities under competition law for the first 6 months of 2022 summarises the main features of Mergers and Acquisitions (M&A) activities worldwide in the first half of 2022. It provides data on M&A activities and control of economic concentration in Viet Nam during this period.

Globally, the first 6 months of 2022 witnessed a decline in global M&A value to pre-pandemic levels, reaching \$2.3 trillion, double the figure recorded in the first half of 2020 - the period. There are many economic uncertainties. However, this number is down 23% from the record level in 2021 when the total value of M&A in the first 6 months of 2021 reached 3 trillion USD. The number of M&A transactions decreased by 20% over the same period in 2021 to 15,764 transactions. The total number of megadeals globally (worth over US\$5 billion) has fallen by a third. However, the first half of 2022 still has the presence of big deals. In fact, there are four deals worth more than \$50 billion compared to just one in all of 2021.

Global M&A activity faces many obstacles as companies worry about inflation and economic recession increasing. In addition, the cost of M&A activities is also increasing when the central banks of countries rapidly increase interest rates to fight inflation. The agreement on the value of M&A deals also faced many difficulties in the context of the stock market's constant fluctuations.

In Viet Nam, the economy tends to recover in 2022, with GDP growth forecasted at 6.5%, much higher than the growth forecast of the Asia-Pacific region of 4.4%. 2022 is an exciting year for M&A transactions in Viet Nam. M&A activities continue to attract a lot of attention from foreign investment funds, and businesses also use M&A to focus resources on improving corporate capacity and transforming core business areas.

MULTI-LEVEL MARKETING MANAGEMENT

A

Legislation Development

I. Amendment and supplementation of Decree No. 40/2018/ND-CP dated March 12, 2018, of the Government on the management of multi-level marketing activities

After the MOIT submitted to the Government a Draft Decree amending and supplementing a number of articles of Decree No. 40/2018/ND-CP in November 2021, in 2022, the VCCA actively follows the progress, coordinates with the Department of General Economics (Government Office) in the process of collecting comments from Government Members.

After the explanation process, receiving opinions from Deputy Prime Minister Le Van Thanh and the opinions of Government members, the VCCA advised the leaders of the Ministry in the process of exchanging and agreeing with the Ministry of Justice and the Ministry of Planning and Investment to explain, absorb and complete the Draft Decree.

On January 12, 2023, the MOIT issued Report No. 03/BC-BCT to report to the Prime Minister on the explanation, absorption of comments from

members of the Government and finalization of the Draft Amending Decree., supplementing a number of articles of the Government's Decree No. 40/2018/ND-CP dated March 12, 2018, on the management of MLM activities.

In parallel with the process of formulating the Decree amending and supplementing a number of articles of Decree No. 40/2018/ND-CP, the VCCA also actively implemented the development of a Circular amending and supplementing Circular No. 10/2018/TT-BCT dated May 24, 2018, of the Ministry of Industry and Trade detailing a number of articles of Decree No. 40/2018/ND-CP. The draft Circular has completed public posting, soliciting comments and explanations, and receiving comments to prepare for appraisal and promulgation immediately after the Decree amending and supplementing a number of articles of Decree No. Decree No. 40/2018/ND-CP issued by the Government.

B

Enforcement of Legislation on Multi-level Marketing Activities

In 2022, VCCA continue to effectively manage multi-level marketing activities nationwide, specifically:

I. Administrative procedure

The reception and handling of administrative procedures are strictly carried out to ensure compliance with the legislation.

From the beginning of 2022, VCCA has received and processed 20 applications for a certificate of registration of MLM activities (all of which have not yet met the conditions and have not been granted certificates); 28 dossiers of request for amendment and supplementation of the certificate of registration of MLM activities; 73 dossiers of notification of changes

in the information on the list of goods traded by the MLM method; 03 dossiers of notice of termination of MLM activities; 04 dossiers of request for deposit withdrawal; 03 times of application for recognition of legal knowledge training program on MLM activities.

II. Inspection, examination and handling of violations

In 2022, VCCA inspected the observance of the law on 07 MLM enterprises (including 02 surprised inspection teams and 05 planned inspection teams). During the inspection, the VCCA issued a decision to sanction administrative

violations against 07 enterprises with a fine of VND 2 billion 220 million, thereby revoking the certificate of registration of multi-level marketing activities of 02 enterprises, Siberian Health Company Limited and Homeway Company Limited.

III. Examination and certification of legal knowledge on multi-level marketing for participants

In 2022, VCCA held 03 rounds of inspection and granted certification of legal expertise on MLM for 26 individuals of MLM enterprises.

The VCCA received 03 applications for recognition of the legal knowledge training program on MLM, of which 01 application is recognised.

IV. Coordination in MLM management

VCCA closely coordinated with police to against crime related to business activities in a MLM manner.

In 2022, VCCA has transferred information of 18 cases with signs of deformed MLM business without permission to the Department of Cybersecurity and High-tech Crime Prevention – Ministry of Public Security, 01 case to Ho Chi Minh City Police to monitor, supervise and promptly handle those who are present in the country, or block access to international websites related to unauthorized financial mobilisation activities in Viet Nam.

The VCCA also coordinated with 05

local police agencies in identifying and handling MLM activities with signs of illegality in Hanoi, Ha Nam, Ho Chi Minh City, Ha Tinh, Quang Binh, Yen Bai, Hai Duong, Hai Phong.

The VCCA also maintains coordination with the Departments of Industry and Trade of the provinces and cities in the management of MLM activities; supporting the Department of Industry and Trade in answering enquiries and recommendations in the management of MLM activities through multiple channels: (i) official dispatch; (ii) conferences and seminars; (iii) direct response.

V. Complaints handling

In 2022, the VCCA received very few complaints related to MLM activities (9

cases). All are responded in writing.

VI. Program of improving the effectiveness of the management on MLM activities in the period of 2021-2025

Implementing the Project of improving the effectiveness of the management on MLM activities and tasks assigned, VCCA has implemented many activities, in which focusing on communication activities to raise awareness about MLM:

+ Conduct surveys on community

awareness of MLM activities; increase communication activities, posting articles to raise awareness of MLM activities; disseminate illegal multi-level identification leaflets; organise seminars/conferences/talk-shows on press and television; disseminate the law on multi-level selling to students.

Legislation Development

I. The development of the Amendment Law on Protection of Consumer Rights

The Amendment Law on Protection of Consumer Rights is formulated in accordance with the procedures, order and composition as written in the Law on Promulgation of Legal Documents and the Government and National Assembly Program specifically:

- June 8, 2022: The MOIT has submitted Report No. 3203/TTr-BCT to the Government on the Amendment Law on Protection of Consumer Rights.

- August 1, 2022: The Government submitted Report No. 257/TTr-CP to the National Assembly Standing Committee on the Project.

- September 26, 2022: The Government had Report No. 347/TTr-CP reporting to the National Assembly on the Project.

- November 2 and November 10, 2022: on behalf of the Government, the MOIT attended the discussion sessions to listen and explain the opinions of the National Assembly delegates on the Project. Based on the discussions at the above meeting, the National Assembly Standing Committee continued to direct the Verification Agency to closely coordinate with the Drafting Board and relevant agencies to study the opinion and complete the Project and submit it to the National Assembly for consideration and approval at the 5th Session in May 2023.

B

Enforcement of Consumer Protection Law and Policy

I. Implementation of Resolution No. 82/NQ-CP

Implement Resolution 82/NQ-CP dated May 26, 2020, issued by the Government on promulgating the Government's Action Program to implement Directive No. 30/CT-TW on strengthening the Party's leadership and management responsibility of the State for the protection of consumer rights in 2022, VCCA performed several tasks as follows:

- Organised a Conference to review the 1-year implementation of Resolution 82/NQ-CP of the Government on promulgating the Action plan to implement Directive No. 30-CT/TW of the Secretariat of the Party on strengthening the leadership of the Party and the State's management responsibility for the protection of consumer rights.

- Advised and proposed the Party Committee of the Ministry of Industry and Trade to issue Official Letter No. 224-CV/BCSD requesting the local/province Party Committees to report on the results of the implementation of Directive No. 30-CT/TW to assess the performance of the Directive promptly. Up to now, the Party Committee of the Ministry of Industry and Trade has received: Reports from 3 central

agencies (Central Economic Commission, Central Propaganda Department, Viet Nam Fatherland Front; Reports of the Party Committees of 15 Ministries and Ministerial-level agencies; Reports of 54 provincial/municipal Party Committees directly under the Central Government and 08 units under the Ministry of Industry and Trade. Based on the above reports, VCCA will finalise and send a general report to the competent authorities.

- Implemented Resolution No. 82/NQ-CP dated May 26, 2020, of the Government on promulgating the Government's Action Program to implement Directive No. 30-CT/TW on strengthening the Party's leadership and management responsibility over the protection of consumer rights in 2021, the Ministry of Industry and Trade was assigned to submit to the Prime Minister 01 report on completing the system of state management on the protection of consumer rights from central to local.

On July 6, 2022, the MOIT issued Report No. 3859/BCT-CT to the Prime Minister on the improvement of the system of state management on protecting consumer rights.

II. Program to develop consumer protection activities in the period of 2021-2025

Implement Decision No. 1157/QĐ-TTg dated October 13, 2021, of the Prime Minister approving the program to develop consumer protection activities for the period of 2021-2025; in 2022, VCCA proposed and performed related activities, including:

- Organised the launching ceremony and activities to respond to Viet Nam's Consumer Rights Day 2022.
- Developed and published electronic documents on guiding safe consumption in the new normal period; print the User's Safety Guide to distribute to consumers and related organisations and individuals.
- Organised working sessions, exchange and guide the Viet Nam Consumer Protection Association to research and

develop proposals to be considered and assigned by the MOIT in accordance with the provisions of the Law on Protection of Consumer Rights; integrate the activities of Decision No. 1157/QĐ-TTg in the process of implementing Projects and other activities of VCCA.

III. Organise the Viet Nam Consumer Rights Day

In order to organise Viet Nam Consumer Rights Day 2022, VCCA carried out many activities such as:

- Organised the launching ceremony of Viet Nam Consumer Rights Day 2022 with the theme **“Safe consumption in the new normal period”** in a hybrid method. Specifically, on March 11, 2022, the MOIT and the Hanoi People's Committee coordinated with the People's Committees of Thai Binh, Nghe An and Binh Duong provinces to organise the launching ceremony of Viet Nam Consumer Rights Day 2022 with the theme “Safe consumption in the new normal”. The launching ceremony was recorded live at Royal City Urban Square, Hanoi and streamed on many online platforms such as VTC News, Youtube VTC News, Viet Nam Consumer Protection Fanpage, VTC News Fanpage, as well as on many other media channels. The launching ceremony has received a lot of attention and response, and articles have been published in dozens of electronic newspapers, written newspapers, and many media agencies throughout the country.

- Hung banners and slogans at the MOIT headquarters in Hanoi and the office in Ho Chi Minh City throughout March 2022.

- Developed a set of documents: “Guidelines for safe consumption in the new normal period” with Message 3S “Safe choice, Safe payment, Safe use”, posted on the websites of the Ministry of Industry and Trade, E-commerce platforms, media agencies and many related agencies.

- Coordinated with media agencies to organise disseminate seminars on consumer protection in response to the “Viet Nam Consumer Rights Day” 2022, precisely:

+ Coordinated with the Newspaper of MOIT to organise an online seminar “Improve the effectiveness of activities of social organisations participating in consumer protection”, on March 15;

+ Coordinated with the Magazine of MOIT to organise an online seminar “Healthy business, safe consumption in the new normal period”, on March 18;

+ Coordinated with Shopee Company to organise a series of seminars “Selling easily with Shopee” and “Knowledge of a thousand orders - Practice with Shopee” with the message “Safe consumption in the new normal period” on the 17 and 18 March 2022.

IV. Consumer consultation and support

In 2022, the Consumer Consulting and Support Center 1800.6838 recorded 11,090 incoming calls, of which the agents of VCCA received and answered 9,352 calls, accounting for ~84%.

About 60% of the 9,352 answered calls were related to a request for assistance resolving a complaint or reflecting a consumer rights violation. The rest of the calls consulted in other areas.

Most consulting requests related to policies, laws and consumer knowledge are consulted and answered by the operator immediately upon receipt through the Call Center system. For consultation requests with content related to disputes between consumers and business organisations or individuals or reflecting on signs of violations causing damage to consumers and society, consumers are consulted and guided by the switchboard operator to send applications, complaints or written requests and recommendations to competent state agencies or relevant organisations and individuals for settlement according to the provisions of law.

V. Receipt, support and settlement of consumer requests and complaints

In 2022, consumer complaints and requests continued being received by the VCCA through 4 main methods, including (i) Customer Support and Consulting Call Center 1800-6838; (ii) Email (at the address: khieunai@bvntd.gov.vn); (iii) the Website (the system for receiving online requests and complaints from consumers <https://www.bvntd.gov.vn/>) and (iv) post or official letter.

However, in 2022, a number of consumer complaints and requests were sent to the VCCA through the National Public Service Portal.

By the end of 2022, the VCCA received a total of 818 consumer requests and complaints with content related to the field of consumer rights protection, a decrease of about 35% compared to 2021.

Figure 4: Statistics of the number of applications, letters of feedback, requests and recommendations of consumers in the period of 2019-2022

1 Handling consumer requests and complaints by form of receipt

In 2022, consumer complaints, requests and petitions are mainly received by VCCA via electronic means, specifically: 43% received via the VCCA website; 42.3% received through email. Other methods of receiving include by post, the national public service portal accounts for about 14.7%.

Figure 5: Statistics on the percentage of consumer requests and complaints by form of receipt in 2022

2 Handling of consumer requests and complaints by region

In 2022, the number of consumer requests and complaints by geographical area became more diverse compared to last year, with 60/63 cities and provinces. In particular, the number of requests and complaints from consumers in Ho Chi Minh City and Hanoi still account for the most significant proportion (Ho Chi Minh City: 279 cases, accounting for 34.1%; Hanoi: 199 cases, accounting for 24.3%). Requests and complaints from consumers in some other big cities, such as Da Nang, Binh Duong, Hai Phong, Quang Ninh, and Dong Nai, accounting for 41.6%. In the remaining localities, the number of consumer requests and complaints sent to VCCA is not significant.

Figure 6: Statistics on the percentage of consumer requests and complaints in 2022 by geographical area

3 Handling consumer requests and complaints by sectors of goods and services

In 2022, the fields of goods and services had numerous complaints and requests from consumers, particularly: transportation services, means of transport: 20.3%; e-commerce: 14.7%; consumer credit: 9%; finance, insurance, and banking: 7.6%; daily consumption goods: 5.7%; real estate, housing: 4.8%; medical, health care: 4.4%; telephone, telecommunications: 4.3%...

Figure 7: Major groups of goods and services related to consumer requests and complaints in 2022

4 Receipt and settlement of consumer complaints and requests by content

Among the complaints of consumers, the content of the complaint is mainly related to the performance of standard form contracts and general terms of transaction (SC, GTTs) of a number of enterprises doing business in the fields of real estate, tourism, resort (accounting for about 32.4%); Reflections related to quantity, quality of goods and services, delivery time (approximately 23.5%) and reflections on acts with signs of fraud and appropriation of consumers' assets (approximately 23.5%). 15.9%).

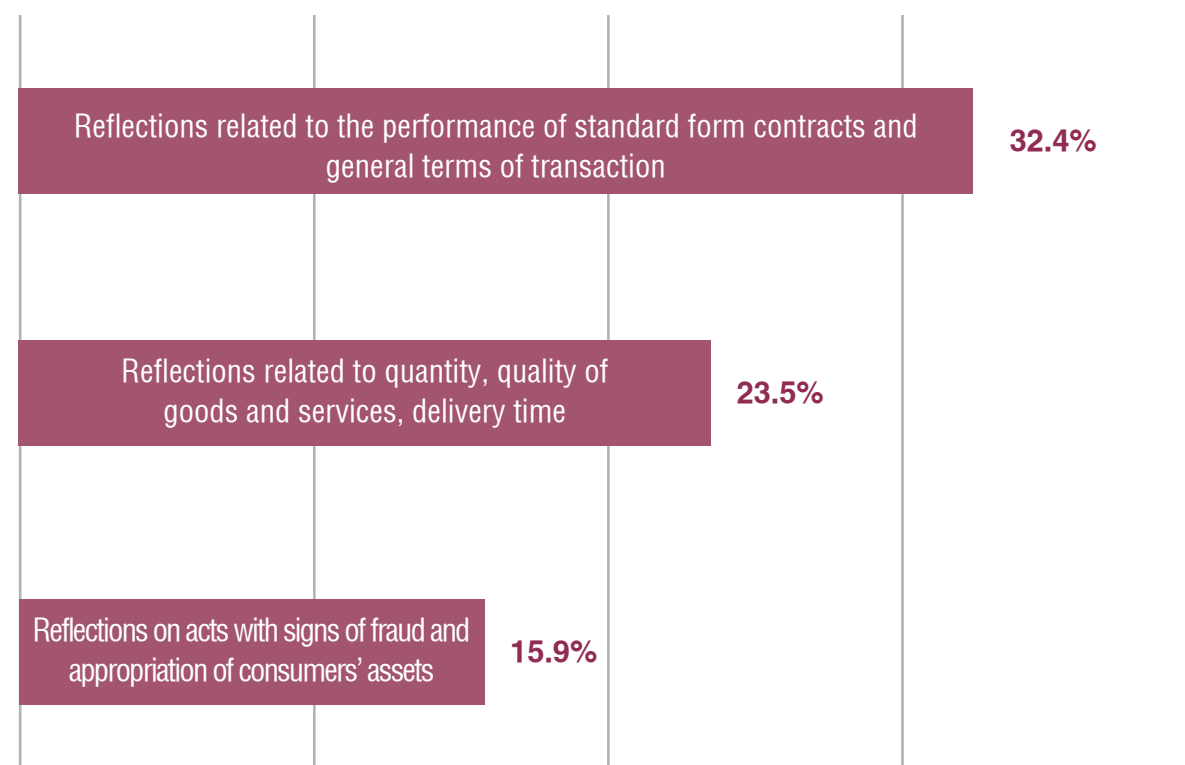

Figure 8: Statistics of the number of applications, letters of feedback, requests of consumers in 2022 by content

VI. Registration of standard form contract and general terms of transaction

1 Application of SC, GTTs

In 2022, VCCA received 251 sets of dossier for registration of standard form contract and general terms of transaction, more than 1.5 times higher than in 2021 (162 sets). Accordingly, VCCA has issued a notice of registration results for all registration dossiers of enterprises to ensure the deadlines and procedures in accordance with regulations, of which 214 sets of documents (accounting for more than 85%) have results earlier than the prescribed time limit, ensuring and exceeding the quality goal of administrative procedure settlement according to the national standard TCVN ISO 9001:2015 that VCCA.

Figure 9: The registration of standard form contract and general terms of transaction in 2022

Regarding the structure of registration sectors in 2022, the number of applications registered at VCCA in the field of buying and selling apartments accounts for the highest proportion (85%), telecommunications and TV accounted for 8%, domestic water accounts for 5%, other fields only accounted for 2% (except for rail passenger transport, no registration documents are required).

Regarding the registration results, the percentage of enterprises completed the procedures for registration of SC, GTTs reached the near-average level, accounting for about 40% of the total number of dossiers submitted to VCCA, and is currently in an

increasing trend compared to previous years (28% in 2021 and more than 34% in 2020). The number of documents that need to be re-completed to ensure compliance with the law on consumer protection, and the documents requested by the business to be withdrawn for completion, accounted for the remaining 60% of the total number of applications. With the low rate of completed dossiers for registration of SC, GTTs, it is necessary to further improve the responsibility and proactiveness of enterprises in properly and fully aware of consumer rights, comply with the law on consumer protection. In addition, it is necessary to disseminate and improve the capacity and skills of business in drafting SC, GTTs to engage with consumers.

● Apply through public service portal

Figure 10: Percentage of applications for registration of SC, GTTs at the VCCA in 2022, classified by registration methods

Regarding the method of registration, another positive point in 2022 is that the rate of dossiers submitted directly at VCCA, by post and email is low, accounting for about 12%, the remaining (88%) are submitted through the public service portal of the Ministry of Industry and Trade (<https://dichvucong.moit.gov.vn/HomePage.aspx>).

The submission and return of application results through the online public service portal (level 4) not only helps businesses shorten the time to perform the obligation to register, but also contributes ensure safety and prevent epidemics, maximize convenience in carrying out administrative procedures for businesses.

2 Law enforcement supervision

In 2022, VCCA has carried out supervision and enforcement of Law on the Protection of Consumer Rights for a number of businesses in the field of buying and selling car.

Buying and selling cars

In 2022, the VCCA has received feedback from consumers about the fact that in the car purchase contract signed between consumers and a number of car retail businesses, there is a clause allowing the seller to determine the price of the car purchase and sale at the time of signing sale contract (the time taking place after signing the car purchase deposit contract).

On August 5, 2022, on the basis of consumers' feedback, the VCCA issued Document No. 920/CT-HDM to 83 automobile importers (according to the list provided by the Import-Export Department – MOIT), which requested these enterprises to review, amend and cancel the contents that are not in accordance with the provisions of Article 16 of the Law on Consumer Protection and report the results to the VCCA.

On September 12, 2022, based on the reports of enterprises, the VCCA continued to issue Document No. 1092/CT-HDM, requesting some enterprises to provide contract templates and current general transaction conditions which apply to consumers and a copy of 01 set of actual contracts signed with consumers in the period from July 1, 2022, to present to check, review.

After reviewing the contract form provided by enterprises, the VCCA worked directly with a number of businesses to disseminate the Law on the Protection of Consumer Rights and orient how to complete the above-mentioned contract forms. At the same time, enterprises are required to review, edit and report the results to the VCCA.

- 03 disseminate reportages under the Program on Consumers in e-commerce.
- 03 disseminate reportages under the Program on Vulnerable Consumers.

VI. Negotiating and enforcement in Free Trade Agreements (FTAs)

VCCA actively participated in the work related to the negotiation and implementation of commitments on competition, state-owned enterprises, and subsidies that Viet Nam participates in. Specifically:

- Implemented the commitments of the Competition Chapter in the AANZFTA, VJEPA, VN - EAEU FTA, VKFTA Agreements; Participating in the Competition Policy Team in the AANZFTA Joint Committee Meetings and related meetings;
- Implemented the commitments of the Competition Policy Chapter, activities within the framework of the CPTPP Committee on State-owned Enterprises and Designated Monopolies;
- Participated in the development of

a plan to implement the commitments of the Competition, Subsidies, and State-owned Enterprises Chapters of the EVFTA Agreement; Participating in the propaganda and dissemination of regulations on competition, state-owned enterprises, and subsidies in the EVFTA;

- Developed a negotiating plan on competition and attend negotiations for the CPTPP + UK Agreement, the upgraded AANZFTA Agreement, and the ASEAN - Canada FTA Agreement;
- Participated in the development of the Guidelines for the negotiation of the ASEAN Framework Agreement on Competition;
- Contributed comments on the content on competition and consumer protection in the draft document on competition in the Indo-Pacific Economic Framework.

DIRECTION IN 2023

Implementing the Competition Law 2018, organising the implementation of the National Competition Commission model based on consolidation and reorganisation of Viet Nam Competition and Consumer Authority and the Competition Council Office; at the same time, continuing to implement the task of state management on competition, consumer rights protections and multi-level marketing, in the coming time, it is necessary to focus on solving and implementing the following contents:

I. Legislation development

In 2023, VCCA will:

- Continue developing the Draft Amendment Law on Protection of Consumer Rights; advising on the development of a Draft Decree guiding the Amendment Law on Protection of Consumer Rights.

- Continue completing the Draft Decree amending and supplementing Decree No. 40/2018/ND-CP on state management on MLM activities.

II. Enforcement of Competition Law

1 Completing the organisational structure of the National Competition Commission

With the promulgation of Decree No. 03/2023/ND-CP stipulating the functions, tasks, powers and organisational structure of the National Competition Commission, in 2023, the VCCA will advise the MOIT in comprehending the organisation, operation and personnel of the National Competition Commission in accordance with the law. At the same time, the VCCA will also advise on the development of the operation mechanism and organisation of the Viet Nam Competition Commission.

2 Supervision and management on competition behaviour

The Competition Law 2018, with many new amendments and supplements, will have the impact of creating new motivations for both competition authorities and businesses in the implementation and application of the provisions of the Competition Law. That enhances the ability to detect signs of violations of anti-competitive behaviour control regulations, including agreements to limit competition and abuse of a dominant market position and abuse of a monopoly position. The anti-competitive agreement control regulation under the Competition Law 2018 ensures the control of all anti-competitive agreements, including both vertical and horizontal agreements. The leniency policy motivates enterprises to report acts of anti-competitive agreements. The new regulation on significant market power serves as the basis for identifying enterprises with a dominant market position more suitable to the fluctuations of the economy. These factors contribute to strengthening the ability to detect, investigate and handle anti-competitive acts, so the number of anti-competitive cases will increase next year. Therefore, in the coming year, the VCCA will:

- Strengthen the detection, investigation and handling of acts showing signs of violation of regulations on anti-competitive agreements, abusing a dominant or monopoly market position.

- Carry out the procedures for receiving, accepting and appraising the application for exemption from the prohibited competition restriction agreement as the law prescribes.

- Continue to monitor the implementation of obligations and conditions in the Decisions granting exemptions for prohibited competition restriction agreements.
- Organise the inspection of compliance with regulations of competition law according to the periodic inspection plan of the Ministry of Industry and Trade for 04 enterprises in the field of motorcycle production, trading and insurance business in Viet Nam.
- Conduct research on market structure and assess competition situation in several important economic sectors and fields.
- Continue to support and guide the development of competition law compliance programs at enterprises.

3 Supervision and management on unfair competition behaviours

In 2023, the VCCA will continue to carry out the work of detecting unfair competition acts, quickly conduct an investigation of violations related to unfair competition acts.

4 Economic concentration control

- Develop a plan to enforce the law on economic concentration control: a plan to handle administrative procedures on economic concentration (forms, procedures).
- Strengthen market supervision, especially large corporate acquisitions operating in key sectors of Viet Nam's economy;
- Strengthen the review and supervision of (i) Some enterprises that have announced economic concentration in 2021 and 2022 to monitor the actual implementation of economic concentration transactions; (ii) Collecting data and information related to economic concentration transactions falling within the threshold of economic concentration notification in accordance with competition law but failing to notify the Ministry of Industry and Trade (National Competition Commission).
- Continue to build, update and synthesize data on the economic concentration situation (purchase, merger, consolidation, joint venture) of enterprises nationwide, foreign enterprises having operations doing business in Viet Nam.

III. Management on multi-level marketing activities

In 2023, the VCCA will continue to closely implement the management of MLM activities, focusing on the appraisal of application documents for certification, inspection, examination and handling of violations in MLM activities; disseminate and train new regulations in the Decree amending and supplementing a number of articles of Decree 40/2018/ND-CP on management of MLM business.

At the same time, the VCCA will also continue to implement activities under the Project to improve the efficiency of management of multi-level marketing in the period of 2023.

IV. Enforcement of Law on the Protection of Consumer Rights

1 Protection of consumer rights

- Finalise Draft Amendment Law on Protection of Consumer Rights and submit it to the National Assembly for consideration and approval at the May 2023 session.
- Develop a Decree detailing the implementation of several articles of the Amendment Law on Protection of Consumer Rights (after being passed).
- Strengthen inspection, detection and handling of violations in consumer protection.
- Regularly implement and integrate awareness-raising activities on consumer protection in the professional work of the VCCA.
- Preside and coordinate with relevant agencies, effectively implementing Directive No. 30-CT/TW on strengthening the Party's Leadership and State management's responsibility in consumer protection; finalising the report on the implementation of Resolution 82/NQ-CP, proposing solutions to advise and continue effectively implementing the Resolution in the next period.

- Implement effectively and synchronously the specific activities of 02 projects of the Ministry of Industry and Trade within the framework of Decision No. 1157/QĐ-TTg of the Prime Minister: Project on strengthening propaganda, education and dissemination legal policies to protect consumer interests for vulnerable consumers from 2021 to 2025; The project of developing a digital ecosystem, strengthening the protection of consumer rights in e-commerce.

- Coordinating with localities in strengthening propaganda, training, coaching and guiding activities to improve the initiative and efficiency in complying with the law on consumer protection.

2 Standard form contracts and general terms of transaction

- Receive and appraise the application for registration/re-registration of the Standard form contracts and general terms of transaction.

- Promote training, dissemination, and guidance on consumer protection legislation on controlling commercial activities and consumer registration to improve knowledge and proactive compliance with the consumer protection law of business organisations and individuals and other related entities.

- Supervise enterprises' observance of the law on commercial transactions and business registration in several critical areas based on closely following practical needs.

- Research, review and evaluate the practice of applying and complying with the law on consumer protection Standard form contracts and general terms of transaction between business organisations and individuals and consumers in several specific new fields.

- Carry out inspection and examination according to the plan assigned by the Ministry of Industry and Trade and irregular inspection and inspection when there are signs of violation of consumer rights.

V. Training and law dissemination

In 2023, the VCCA will focus on completing the functions, tasks, organisational model and personnel of the Information, Consulting and Training Center based on the provisions of the Decree stipulating the functions, duties, powers and organisational structure of the Viet Nam Competition Commission; carry out the recruitment of public employees based on the number of people assigned to work for the Center for Information, Consultation and Training.

The VCCA will continue to promote

public services in the work of information, consulting and training to serve the state management of competition, consumer protection and MLM business management.

At the same time, the VCCA will continue to promote training, disseminate and law dissemination to improve qualifications, expertise and professionalism in the field of competition, consumer protection and MLM activities for officials of the VCCA as well as individuals, organisations and businesses in need.

VI. Providing information and consultation

In 2023, the VCCA plans to:

- Continue operating the Consumer Support and Consulting Call Center system 1800.6838, upgrade and expand the system to localities across the country to better meet consumers' consulting and support needs.

- Continue to coordinate with agencies

inside and outside the VCCA to receive, advise, support, and resolve consumer complaints, requests and complaints.

- Promote communication work by increasing the posting of information on electronic means, such as websites, social networking, and applications managed and operated by the VCCA.

- Promote public services in providing information, consulting and training to serve the state management of competition, protection of consumers' interests and MLM business management.
- Continue organising conferences and seminars on propaganda and law dissemination in the fields under the management and internal training of the VCCA to improve the skills and professionalism of officials and civil servants as well as individuals, organisations and businesses in need.
- Continue to effectively implement the activities in 2023 of the Programs assigned by the VCCA, including the Program on Business for Consumers; the Program on Call Centers; the Program on National Database on consumer protection; the Program on Consumer Protection in e-commerce; and the Program on Vulnerable Consumers.
